

Dear Shelter Management:

This is to introduce you to Whippet Rescue and Placement. The purpose of WRAP is to rescue stray, abandoned, relinquished and/or impounded Whippets. Veterinary care is provided according to the dog's needs, always including neutering or spaying. Since sighthounds in general and particularly Whippets, do not cope well in shelter and kennel environments; our dogs are placed in loving foster homes where their health and temperament are evaluated. The dogs are then matched to appropriate new homes. All adopting families are screened for suitability. We require signature on adoption agreements that specify, among other requirements, that the adopter will care for the dog in a loving and responsible manner and will abide by all dog-related laws.

As the Regional Advisor of this Rescue Effort, I am furnishing my name, address and phone number at the bottom of this letter. Please feel free to contact me if I can provide you with any information and assistance.
